

Thelen Ready Mix has been in the business of providing quality concrete products for Northeastern Illinois and Southeastern Wisconsin since 1961. Three plant locations are strategically placed in Antioch and Waukegan, Illinois and Wilmot, Wisconsin to maximize logistical service.

Thelen's portable plant is available to meet logistical challenges requiring on-site or nearby production.

# READY MIX

A DIVISION OF THELEN SAND & GRAVEL, INC.

Thelen provides concrete designs to meet most specifications for residential, commercial and municipal building construction and paving. From pattern stamped colored patios to major roads with curbing, we cover a wide range of projects.

## FLEET

Thelen's Ready Mix fleet consists of both Front- and Rear-Discharge Mixer Trucks; and Conveyor Trucks to provide access for pours with difficult site conditions.

## QUALITY LOGISTICS

At Thelen, logistics is key to exceptional service and a quality product. State-of-the-art central dispatch with GPS technology ensures most effective use of plant facilities and fleet capabilities.

Our equipment is where it's needed, when it's needed. There is no risk of concrete being in the truck too long.
