

THELEN

In 1947, Thelen Sand & Gravel began mining an extensive vein of glacially-deposited gravel - 50 to 130 layers thick. Today, Thelen provides sand and gravel for use in applications as small as a few yards for a child's sandbox and as large as a 100,000 tons for an asphalt road base.

Thelen offers a variety of aggregates, sands, decorative stones, boulders, recycled and specialty products, as well as special blends and gradations.

A G G R E G A T E

A DIVISION OF THELEN SAND & GRAVEL, INC.

SPECIALTY PRODUCTS

- ◆ Baseball mix
- ◆ Decorative landscape stones
- ◆ Specialty roofing stones
- ◆ Equestrian horse and dog track products
- ◆ Golf course specialty sands
(USGA approved materials)
- ◆ Screened topsoil
- ◆ Recycled concrete and asphalt products
- ◆ IDOT approved products

Please call us in advance to ensure the availability of your special material. Products are produced at Thelen's Antioch and Lange Road facilities and can be picked up or delivered, according to your needs.

QUALITY ASSURANCE

Thelen has an onsite laboratory for testing and a strict quality control program to ensure that all materials meet various ASTM and state DOT specifications.

AGGREGATE

A DIVISION OF THELEN SAND & GRAVEL, INC.

TRANSPORTATION

Thelen has the trucking capacity to deliver aggregate on time and in virtually any quantity. A huge fleet of straight-trucks and semis remain staged and ready. While our stone slingers, coal shoots and conveyors can place material in most harder-to-access locations.

FACILITIES

Antioch 2 wash plants
