

Sand & Gravel, Inc.

Clay Dump Job Task's

Company: Thelen Sand & Gravel, Inc.

Location: Clay Dump

Job Title: Clay Dump Monitor

Classification: Regular Duty

Purpose of Activities:

The clay dump personal at Thelen Sand & Gravel, Inc. are responsible for general work assignments listed below. Work will be performed while waiting for the next possible clay or dirt truck to come in.

Tools & Equipment:

- P.I.D. (Photo Ionize Detector)
- High Visibility Vest or shirt
- Company Truck – (allows for transportation & removal of trash)
- Shovel – (allows for a better sample to be taken by the PID)
- Tow Chain – (allows for the loaders to tow out stuck Semi's)
- Safety Tape – (for inspecting areas of electrical lines and cords)
- Black Felt Marker – (for inspecting fire Extinguishers)
- Protective clothing – hard hat, steel toe boots, safety vest or shirt, safety glasses, ear plugs, dust mask, fume mask, etc.

Usual Methods:

- 1.) Receive work order from supervisor
- 2.) Walk to mobile truck, perform pre-trip inspection, load required tools and equipment on the truck. Drive to the work site.
- 3.) Clean the work site if necessary
- 4.) Inspect every load that comes into the site
- 5.) Determine to receive or reject the load
- 6.) Do alternate work between truck loads
- 7.) Some days there will not be enough of a gap between trucks to leave the site, but other days there will be hours between trucks; at this time the company needs you to perform other tasks. Other tasks are listed below.

Other Task:

- 1.) Receive work order from supervisor
- 2.) Inspect Power cables, lines, cords
- 3.) QC counts with Brian Clark
- 4.) Inspect Fire Extinguishers
- 5.) Inspect Seat Belts
- 6.) Check Guarding
- 7.) Clean work area, as the work is performed
- 8.) Paint new or old parts, and equipment
- 9.) Sweep shops
