

New Task Training Form Report
30 CFR Part 46

Task: The Operation of a John Deere 850-C Dozer
 Equipment # : BD-36, 38, 41

Objectives: Employee will demonstrate safe operating procedures for operating a 850-C & 650-J dozer as well as to correctly understand the safety signs that are posted on the equipment.

Training Material: Copy of the Owner's Instruction Manual
 Company Designated Training Person

A.) Training Methods: Review the following sections of the owner's instruction manual and discuss with the designated training person.

(Owner's Instruction Manual)

(Designated Training Person)

Safety Section:

*Safety Messages: (Trainer)

Explain to the trainee what the signs around the equipment mean.

*Crushing & Cutting Prevention: (Trainer)

Show the crush points & possible pinch points on the piece of equipment

*Before Starting Engine: (Trainer)

Show & Explain how to do a full pre-shift inspection

*Before Operation: (Trainer)

Explain how to check the gauges before moving

*Use steps & hand holds: (Trainer)

Demonstrate proper mounting and dismounting, and how to position the machine to do this safely

*Parking: (Trainer)

Demonstrate proper parking procedures

*Hydraulic Power Lose (Trainer)

Explain what to do if there is a lose of hydraulic power

*Guards (Trainer)

Show the trainee the R.O.P. system and how to use the specially designed hammer to fracture the window.

* Working Ranges: (Trainer)

Explain how to maximize the push load depending on the different material that is being pushed

*Attachment Controls: (Trainer)

Explain how to use the tilt & leveling levers inside the cab, and how they are used in relation to the push

*Visibility Information (Trainer)

Explain the limits of visibility of the piece of equipment during the operation, show how objects can have a restricted view from the blind spots

*Slope Operation: (Trainer)

Operation of the equipment on a slope will decrease the stability of the machine and needs to have an experienced operator doing such an operation

B.) Discuss / Demonstrate: Discuss / demonstrate the following job responsibilities and the hazards associated with operation.

1.) Pre-Operational Checks

- Back-Up Alarm - Test
- Cooling System Coolant Level - Check
- Indicators & Gauges - Test
- Blade Arms - Inspect
- Track Pads - Check
- Cutting Blade - Inspect

- Breaking System - Test
- Engine Oil Level - Check
- Seat Belt - Inspect
- Transmission & Hydraulic system oil level - Check
- Windows - Clean
- Attachment Pins - Inspect

2.) Proper starting and operational techniques

- Before starting; make sure to know how to make adjustments to the seat & seat belt
- Know how to work the work lights
- Positioning of the machine to level material
- Windshield Cleaning Techniques
- Joystick Control
- Windshield wipers
- Adjustment controls for leveling
- Precaution of under-mining of the machine
- Load capacity of the dozer blade

3.) Operation of the machine

- The designated company trainer will observe the trainee as he/she pushes piles of dirt or product around, and also making sure that leveling is done properly.

- If the trainee fails to show proper operating procedures, the trainer will go back over the information for the failed procedure. Once covered material is covered the trainer will re-observe the trainee perform the task again until the trainer is satisfied that the trainee has the proper skills to perform tasks with this piece of equipment.

C.) The remainder of the task training will be accomplished through the employee (trainee) practicing the operational steps while being closely observed by a competent trainer while performing the task. When the competent person states that the newly-assigned employee has demonstrated proficiency in performing the task safely, the task training will be considered completed. Once completed; the signatures of both employees is required below.

Completed _____ (Print Name)
Date: _____ **Trainee:** _____

 (Print Name)
Completed _____ **Competent**
Date: _____ **Person:** _____

Duration of Training: _____

Company Name: Thelen Sand & Gravel, Inc.

Mine ID#:	11-01228	47-03434	11-03221
